

ROCHESTER VOLUNTEER FIRE COMPANY		
	TITLE:	Disclaimer
	NUMBER:	0.0
	REVISED BY:	Mike Vos
	CHIEF:	Mike Vos
SUGGESTED OPERATING GUIDELINE		

These Standard Operating Guidelines (SOG's) were developed by and specifically for the Rochester Volunteer Fire Company, Inc. Rochester, Wisconsin (*aka RVFC*). The *RVFC*, its members, or other contributors to these SOG's cannot guarantee that adherence to these SOG's by any other fire company, fire department, ambulance service, or emergency service organization will result in compliance with any laws, regulations, or standards.

RVFC cannot guarantee that adherence to these SOG's alone will result in a reduction of occupational injuries, illness, or exposures. However, the SOG's can help provide part of the framework for an emergency service occupational safety and health program which when developed comprehensively by and for an individual fire company, fire department, ambulance service, or emergency service organization, can be designed to achieve this goal.
